From Monday September 19. to Thursday September 22. 1698.

Venice, Sept. 12. *N. S.*

THe Senate have appointed Signior *Molino*, who was formerly Generaliſſimo of the Forces of this Republick, and Signior *Ruzzini*, at preſent their Ambaſſador at the Emperor's Court, to be their Commiſſioners and Plenipotentiaries for the Treaty of Peace with the Turks, wherein they are to be aſſiſted by Signior *Nicoliſi*, one of their Secretaries, who is already gone to to *Vienna*; and Signior *Molino* will follow in a few Days, in Company of Signior *Loredano*, who is to ſucceed in the Embaſſie at that Court. Several Recruits are arrived at the *Lido*, in order to embark on the Convoy which is preparing here for the *Levant*. We expect with impatience to hear from our Fleet, having for ſome time had no other Advices concerning them, than by a Veſſel come in here this Week from *Smirna*, the Maſter whereof ſays, That when he ſailed from thence, they were cruizing near the Iſland of *Stanchio* in the *Archiepelago*; and that the Ships from *Barbary*, after having been ſeveral days at the Iſle of *Fochi*, were gone to join the *Ottoman* Fleet, who 'twas believ'd would as ſoon as they had received this Reinforcement, come out of the *Dardanelles*; ſo that we may ſhortly hear of ſome Action on that ſide. We have Letters from *Dalmatia* of the 28th of *Auguſt*, which ſay, That the Baſſa of *Boſnia* had appeared with a ſtrong Body of the Enemy's Troops on the Frontiers of *Croatia*; upon which, the Proveditor *Marcello* had aſſembled the Venetian Forces in thoſe Parts, and intended to march to *Montechi* to obſerve the Enemy.

Turin, Sept. 6. The Duke of *Savoy* went from hence laſt Thurſday for *Mondovy*; and after having made a ſhort ſtay there, he intends to go and viſit the Gariſon of *Pignerol*. Orders are given for repairing our Citadel, which received great Damage by the blowing up of the Magazine that was ſet on fire by Lightning ſome Weeks ago; and divers Workmen have been ſent for from ſeveral of the neighbouring Cities, to be employ'd therein.

Lemberg, Sept. 4. The King of *Poland* deſigns in few Days to go from hence to *Halitz*, where moſt of his German Forces (which when all joined together, will conſiſt of 30000 Men) are already arrived. The Army of the Crown continues in the mean time encamped near *Monaſterzyck*. We hear the Gariſon of *Caminiec* make frequent Excurſions on our Frontiers, notwithſtanding they have been often repulſed with loſs, by our Forces which are poſted in thoſe Parts. The Queen-Dowager, with Prince *Conſtantine* her Son, have taken leave of the King, and are gone to *Jawarow*, in order to ſet out from thence on their Journey to *Rome*. Prince *Alexander*, who was lately made Captain of the King's Guards, continues here, and will attend him during the Campagne.

Vienna, Septemb. 13. The Court continues at *Eberſdorf*; but their Imperial Majeſties intend to come hither to morrow, to aſſiſt at the Celebration of the Anniverſary Feaſt for the Deliverance of this City from the Siege in the Year 1683. and the next Day they will return to *Eberſdorf*. The Emperor's Plenipotentiaries for the Peace with the Turks, are preparing their Equipages, in order to their Journey to the Frontiers, which they will begin in a few Days; and in the mean while they have frequent Conferences with the Emperor's Miniſters, and with thoſe of the Republick of *Venice* and the Czar of *Muſcovy*, concerning the Matters they are to treat of. A farther Supply of Ammunitions was ſent ſome Days ago down the *Danube*, for the Service of our Army in *Hungary*; and Magazines are provided on the Frontiers of *Tranſilvania* and *Upper Hungary*, to ſupply them from time to time with Proviſions and Ammunition, during their ſtay on that ſide the *Danube*. Our laſt Advices from the Army, ſay, That the Bridges over the *Theyſſe* being ready, they paſſed that River the 3d inſtant, and encamped over-againſt *Titul*, and the Artillery and Baggage follow'd the next Day. Prince *Eugene*, who Commands them, had poſted Lieutenant-Colonel *Nieubourg*, and the Count of *Thierheim*, with a Party of 600 Men on each ſide the Bridge over the Moraſs of *Villowar*, as well for the Security of that Paſs, as to maintain the Communication with *Peter-Waradin*. General *Spielberg* was left with a Regiment near *Titul*, and had Orders to build ſome Redoubts to cover that Place; and they were making a Fort likewiſe to ſecure their Bridge over the *Theyſſe*: Prince *Eugene* had ſent the Quartermaſters Geneal *Creſtein* and *Conty*, to mark out a Camp near *Bergikerk*, intending to march thither in 2 or 3 Days. They had been ſome Days without any certain Advices of the Motion of the Enemy, ſeveral Parties which were ſent out to make Priſoners and to get Intelligence, not being yet returned; but 'tis believed they are ſtill encamped near *Semendria*. The Turkiſh Fleet on the *Danube* continues near *Belgrade*.

Francfort, Sept. 21. The Elector Palatine is expected here next Week from *Weynheim*; and great Preparations are making for his Reception. He intends in his way hither to make a Viſit to the Landgrave of *Heſſe Darmſtadt*; and having paſs'd ſame Days here, to go and view that Part of his Territories which is ſituate along the *Rhine*. His Electoral Highneſs has given Directions for making ſome Fortifications at *Manheim*. The Elector of *Mentz* is gone from *Mentz* to *Aſchaffembourg*.

Hamburgh, Sept. 23. The Exportation of Corn has been forbid here, by reaſon of the like Prohibition in *Denmark*, the Country of *Lunenbourg*, and other neighbouring
